

GN088-SBH | Flexible Gooseneck Seat Bolt or Floor Mount

Package Contents:

(1) GN088-SBH - 20" Flexible aluminum gooseneck floor or console mount
Includes: (1) Seat Bolt Bracket, (1) Floor / Console Bracket, (4) Screws

Do not place mount in or near an air bag deployment zone or where it will obstruct view of the road.

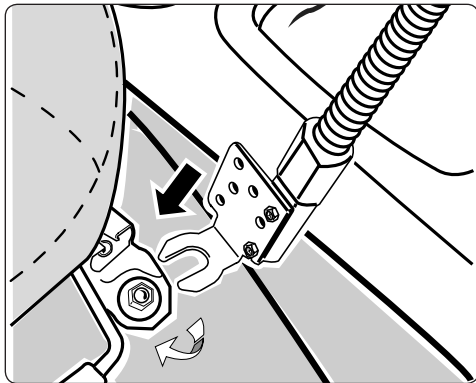

1 Passenger Seat Bolt Mounting

For a simple mount that can be easily moved to another vehicle, install using the passenger seat track bolt.

Do not place mount in or near an air bag deployment zone or where it will obstruct view of the road.

Step 1. With a socket wrench, loosen the passenger seat track bolt, insert the seat track bolt bracket, and retighten the seat track bolt.

2 Alternative Floor or Console Mounting

For a more permanent mount, connect the Floor / Console Mount Bracket to the floor or console. This will require drilling into your vehicle's interior surface.

Drilling into the dash, floor, or console will permanently damage the vehicle. Use caution and consult a mobile install professional to avoid drilling into the gas tank, electrical system or other highly sensitive vehicle components.

Step 1. Screw the mount bracket to the mount. Depending on your vehicle, you may need to change the orientation of the bracket.

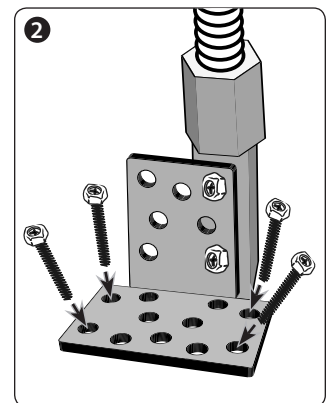

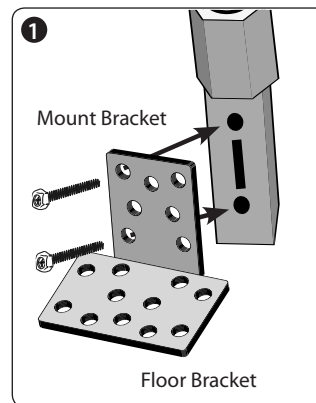

Step 2. Attach the Floor / Console Bracket with screws.

Safety Precautions

Do not install Arkon products over an air bag cover or within the air bag deployment zone. Arkon Resources, Inc. assumes no responsibility of liability for injury or death as a result of car crashes and/or air bag deployment.

Arkon is not responsible for any damages caused to your car, your device, or yourself due to the installation or use of this pedestal mount.

3 Pedestal Head Adjustments

Step 1. Adjust the steel shaft by bending with both hands to the desired location of the male dual T head.
